

"the translators adopted the device"

"In regard to the divine name *YHWH*, commonly referred to as the *Tetragrammaton*, the translators adopted the device used in most English versions of rendering that name as "Lord" in capital letters to distinguish it from *Adonai*, another Hebrew word rendered "Lord," for which small letters are used."

The NASB Preface explains their reason for removing the Name is tradition: "In the Scriptures, the name of God is most significant and understandably so. It is inconceivable to think of spiritual matters without a proper designation for the Supreme Deity. Thus the most common name for the Deity is God, a translation of the original *Elohim*. One of the titles for God is Lord, a translation of *Adonai* There is yet another name which is particularly assigned to God as His special or proper name, that is, the four letters *YHWH* (Exodus 3:14 and Isaiah 42:8). This name has not been pronounced by the Jews because of reverence for the great sacredness of the divine name. Therefore, it has been consistently translated LORD.

The only exception to this translation of *YHWH* is when it occurs in immediate proximity to the word Lord, that is, *Adonai*. In that case it is regularly translated GOD to avoid confusion.

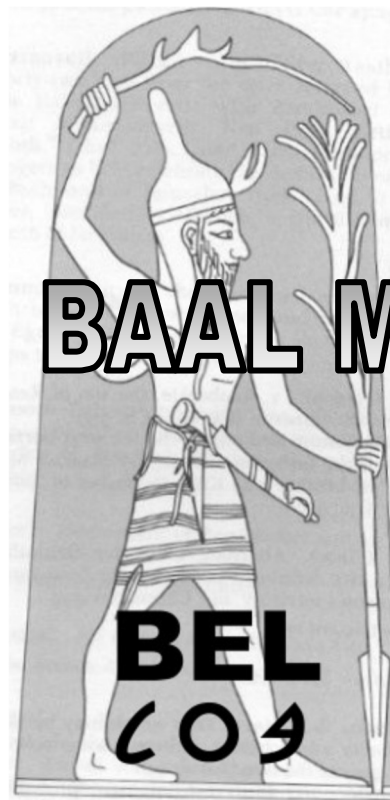

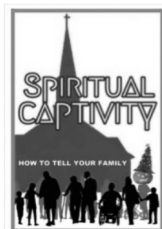

It is known that for many years *YHWH* has been transliterated as Yahweh, however no complete certainty attaches to this pronunciation."

After admitting it is "*inconceivable to think of spiritual matters without a proper designation for the Supreme Deity,*" they proceed to explain why they did exactly that. They go out of their way to hide the identity of the one true Alahim, Yahuah, by desolating His Name.

STUFF HAPPENS

The lord of the gnats seems to have directed the leaders of the world to continue in the same rebellion since the first king on the Earth, Nimrod of Babel. The confusion of all languages remains intact even in these modern times. What a person

thinks a word means is often very different from the reality of it, so we must restore human communication by making use of the source of all languages. Translators adopted the word **LORD** to replace the Eberith (Hebrew) Name, **YAHUAH**. It is #H3068, and found in the Writing of Truth at least 6,823 times in the four vowels:

YOD HAY UAU HAY

The word TETRAGRAMMATON is Greek, meaning "four letters." The Tower of Babel is the source of confusion, and Babel itself, the mother of harlots (see Rev. 17:5). Originally, *Yahudith*, or Hebrew, had no sound for **J**, **W**, or **V**, but over

time these former vowels became consonants. The four letters of the Name are vowels (YHUH), and this is confirmed by Yusef Ben MatithYahu (*Flavius Josephus* to modern scholars). **More stuff happened:** Altered from **YAHU**, the **YEHO** form shows the effect of the Masoretic niqqud symbols invented in the 8th century CE to re-direct a reader to say the word, **ADUNI (H136, LORD)**. We are still incumbered by the confusion of languages. The letters of Eberith guide us as we correct the phonological errors we've inherited due to traditions to conceal the Name.

THE MEANING OF SYMBOLS

The word PENTAGRAM is Greek meaning "five-line." The intersecting points on the lines are mathematical ratios reflected in the design of all living things, and the patterns of snowflakes and crystals. This is no reason to think they have powers of any kind.

The followers of Pythagoras revered the symbol as esoteric mathematical knowledge, and later mystics turned it into all the twisted ideas we see today. They think the symbol provides protection from evil, but the main goal is to build confidence in their followers, building a thought prison or stronghold. Some combine pentagrams with the Tetragrammaton to seduce the simple. In India and other places people wave their hands in the air, (mudras, namaste), pray to the dead, light candles, spin prayer wheels, and walk around objects. **"O mortal man, is there nothing you cannot be led to believe?"** Without the Turah of love, No.

"It's easier to fool someone than to convince them they have been fooled."

(suspected quote from Mark Twain)

Men's philosophies lead mankind into open rebellion to Yahuah.

Paul wrote to Timothy, **O Timothy! Watch over that which has been entrusted to you, turning aside from the profane and empty babblings and contradictions of the falsely called knowledge, which some, having professed it, have missed the goal concerning the belief."**

-1 Timothy 6:20-21

In another place, Paul warns of other pitfalls: **"See to it that no one makes a prey of you through philosophy and empty deceit, according to the tradition of men, according to the elementary things of the world, and not according to Mashiak."** (weak & miserable principles)

- Kolossians 2:8

Prior to the captivity for 70 years in Babel, a prophet could not hold the Name back:

"Whenever I said, 'Let me not mention Him, nor speak in His Name again,' it was in my heart like a burning fire shut up in my bones. And I became weary of holding it back, and was helpless."

- YirmeYahu / Jer. 20:9.

"I have heard what the prophets have said who prophesy falsehood in My Name, saying, 'I have dreamed, I have dreamed!' Till when shall it be in the heart of the prophets? – the prophets of falsehood and prophets of the deceit of their own heart, who try to make My people forget My Name by their dreams which everyone relates to his neighbor, as their fathers forgot My Name for Bel." -YirmeYahu / Jer. 23:25-27
